

PATIENT FINANCIAL & INSURANCE POLICY

At Gynecology & Obstetrics of DeKalb, PC (GOOD), our highly trained physicians and staff are dedicated to providing you with the best possible care in a comfortable, compassionate setting. Whether you are coming in for an appointment or a procedure, the information below will help make your visit go more smoothly. Please take a moment to read it carefully. Should you have questions, any member of our staff will be glad to assist you.

Determination of Insurance Benefits:

As a patient of GOOD, the office will contact your insurance carrier to verify the coverage that you present at check-in. Unfortunately, verification of benefits does not obligate insurers to make payment on your medical claim.

GOOD participates in most health plans; however you should know the following about your specific insurance plan:

- If the physician and facility are in-network
- Your annual deductible
- Your specialist office co-pay
- If a referral is required

GOOD will file a claim to your insurance carrier for medical services rendered. GOOD is required to collect the assigned co-pay amount at check-in.

If you are scheduled to have surgery, GOOD will calculate an estimate of the charges you would be responsible to pay based on your in-network benefits after contacting your insurance carrier. This estimated payment is required prior to surgery. GOOD will file the claim with your insurance carrier. If any additional balance is owed by you, you will receive a statement after GOOD processes the insurance Explanation of Benefits (EOB).

There are instances when your insurance carrier may process your claim differently than quoted to GOOD:

- Benefit payment is less than anticipated thereby leaving you with a higher responsibility
- Claim may be denied as non-covered

GOOD extends the courtesy of benefit verification however THIS IS NOT A GUARANTEE that your insurance carrier will pay your medical claim. Your insurance carrier states that any verbal benefit they provide is NOT a guarantee of payment.

If you receive an EOB from your insurance carrier with your medical claim processed differently than you expected, please contact your insurance carrier for clarification.

There may be instances, based on diagnosis or service rendered, that your insurance carrier will not provide benefits, therefore you will be held responsible for the balance. The physicians of Gynecology & Obstetrics of DeKalb will provide services deemed medically necessary based on your diagnosis, treatment and circumstances.

Missed Appointment Policy:

If you are unable to keep your appointment, please reschedule at least 24 hours in advance.

GOOD's missed appointment fees are listed below:
